Rotarian

For 23 years, the **Rotarians** have dedicated their time and efforts to eradicating polio. They have done so in the face of extraordinary challenges. They have overcome financial shortfalls, conflict, and lack of security. They have conquered cultural barriers and lack of political will. At every turn, in the face of seemingly insurmountable obstacles, the **Rotarians** have found creative solutions, in partnership with World Health Organization, UNICEF, and the U.S. Centers for Disease Control and Prevention. In this way, **Rotarians** have shown the world what can be achieved when civil society and the United Nations partner together. When the last chapter of polio eradication is finally written, it will tell one of the most spectacular success stories in public health. It will describe one of the world's most remarkable partnerships. And it will highlight the **Rotarians** personal service to humanity. Today, **Rotary's** leadership is more critical than ever. **Rotary's** determination and generosity will drive us to the finish line in our race against polio. I know **Rotarians** will go the distance. And I will be with you every step of the way.

Visiting Rotarians:

Lisa Crimella.....Seminole Lake, Fl.

Last week's program: We had our own PDG **Richard Breske** as our speaker today. **Richard** spoke to us about **Rotary Foundation** and the up-coming changes in foundation polices and procedures. Discussion about matching grants, which our club has been involved with for the past 18 years. The way **Rotary** runs their matching funds will change by 2012. Presently our district uses the system of 20% of foundation funds for projects. In the future we can use up to 40% for simplified grants for projects within the U.S.A, and matching grants for international projects. **Richard** is going to a Zone meeting in Evanston, Il. soon and will get more information. All the up-coming changes are a bit confusing, but you can talk with **Richard** and get a clearer understanding. You might want to wait until after he gets back from this up-coming foundation meeting.

This Week's program: **Barbara Todd**, program chairperson will present a tour at Richard L. Sanders School today.

Next Week's Program: **Frank Torres**, will be our program chairperson and the speaker will be announced.

Rotary is Great When You Participate

Stella Awards

A jury ordered a Philadelphia restaurant to pay Amber Carson of Lancaster, Pennsylvania \$113,500 after she slipped on a spilled soft drink and broke her tailbone. The reason the soft drink was on the floor: Ms. Carson had thrown it at her boyfriend 30 seconds earlier during an argument. What ever happened to people being responsible for their own actions?

Kara Walton of Claymont, Delaware sued the owner of a night club in a nearby city because she fell from the bathroom window to the floor, knocking out her two front teeth. Even though Ms. Walton was trying to sneak through the ladies room window to avoid paying the \$3.50 cover charge, the jury said the night club had to pay her \$12,000. Oh, yeah, plus dental expenses. Go figure.
