**Rotary Rays Day X** has been scheduled for August 15, 2010. This is less than three months away. Therefore, we must begin sales in earnest immediately, if the event is to be the most successful yet. Remember, the Club President whose Club sells the most tickets gets to throw out the ceremonial first pitch! More to come.

## First Friday

# Last week's Program !!

Our Program Chairman, **George Carter**, introduced **Roy Adams**.

**Roy** works in Marketing & Community Relations at All Children's Hospital. The children's hospital was founded in the 1920's and was an old fruit packing facility. A new larger hospital was built in the 1940's and was called the American Legion Crippled Hospital. It is now Jamerson Elementary. In 1967, Polio was about to be eradicated and that was the main mission of the hospital. Community leaders recognized a need and asked that they build a children's hospital. A 63 bed facility was built for the children at a cost of 4.2 million. Several years ago Dennis Sexton and the other trustee's of the hospital purchased a block of land which was located one block from the current hospital. With the need to expand and add state of the art medical equipment, the trustee's utilized this land to build the new All Children's Hospital with a outpatient care center across the street. On January 9, 2010 the new 400 million dollar hospital was opened. Roy spoke about how the new facility is able to operate even if a disaster was to strike Florida. They have an energy plant that will run the hospital for 30 days, a pad that our military helicopters can land on and a sufficient water supply. They serve children in Florida and all over the world. The old hospital was able to accommodate 217 patients and the new hospital will accommodate 274 patients. Even though they did not add a lot of rooms, the new rooms are all private and are able to accommodate the patients and their families. The News Channel 8 Tel- A -Thon will be this weekend that will benefit All Children's Hospital.

**Next Week's Program:** Our Program Chairman, **Phyllis Tellor**, will introduce Dr. Sonia Karamchandani. Dr. Sonia Karamchandani, a native of Greenville, SC, received her Bachelors of Science in Chemistry from the USC in 2005 and her Doctor of Dental Medicine degree from South Carolina in May 2009. Currently a resident at the University of Florida, she has received advanced training at the renowned Dawson Academy and Pankey Institute. Dr. Sonia chose dentistry as a profession because of her desire to aid patient's in improving their oral health. A member of the ADA and the Academy of General Dentistry, she was honored to be selected for their Senior Student Dental Award and the American Student Dental Association's Ryan Turner Memorial Scholarship. Sonia enjoys giving back to the community.
